SB06-055 Concerning Reports of Assaults in Schools Summary

2006-07 Safety and Discipline Indicators Reporting Changes

- Specifies that each violation must be reported only in the most serious category that is applicable to that violation.
- "Repeated Interference" category is combined into existing "Disobedient and Defiant" reporting category. These previously two separate categories will be combined as one.
- New category of "3rd Degree Assaults/Disorderly Conduct" added. This change requires the reporting of these types of offenses to be reported in a new category rather than be combined into the "Other Violations" category.
- Category "Assaults/Fights" is changed to "1st, 2nd Degree or Vehicular Assaults". This change, in effect, moves vehicular assaults from "Other Violations" into this category.

- Title change required from "Assaults/Fights" to "Felony Assaults".
- Label "Dangerous Weapons" is changed to read "Possession of Dangerous Weapons"
