-----Minutes-----

Business Meeting:

Conference updates:

- There will not be a packet stuffing on the 22nd of Jan. Because of storage issues we will stuff bags on Sunday, February 11th @ 1:00 pm @ the Westin Hotel.
- Patty has purchased the bags, name tag holders, and taken care of the lanyards.
- Von will finish the gathering the session descriptions and handouts which are due January 31st. She will print up the session evals and conference evals and printing the name tags. Patty will print the maps and schedules.
- Patrick will take care of the ribbons for vendors, presenters, board and steering committee.
- Food menu has been taken care of.
- It was decided that for each CIO, the conference fee would be compensated if they have 5 registered attendees or 2 presenters.
- Jackie T is taking care of the computers for the bull pen.

District Sharing;

Littleton: Will upgrade to 7.2 over Spring Break if possible. IC is upgrading our server, hardware and OS. Will do roll in late January. In the process of converting previous years from SASI to IC.

Adams 12: New Year roll at the end of January. Our State reporting is done.

Windsor: Will probably count on SASI til the end of school year. Will be getting IC server soon but will do scheduling on IC for next year. Have not seen conversion yet but doing one now and in the summer. Looking for training online. DPS has training online and will share.

DPS: Running replication which is working well but makes upgrades difficult. Planning on Spring Break for upgrades. Issues with upgrade now and then again this summer. Will roll forward as soon as possible due to high schools doing course requests online.

Aurora: Messenger is up and running. Will have training this week and next. Sent mailers to parents for the Parent portal. We have a committee to look at the Central Enrollment process. Will roll forward at the end of this month. Would like to see an IC training certificate to test out for level 2 on 2007 but how would IC handle 2008 training. The timeline for upgrades is questionable and would like to have a process.

Boulder: Rolling forward soon. High Schools will be doing online registration the week of CSAP's.

Ft Morgan: Rolled the High Schools so they could start scheduling. We have 2007 in the sandbox and will have a few teachers and secretaries test this next week.

Eaton: Will roll forward in the next couple weeks.

Widefield: Did an upgrade over break. It looks good, has a few cosmetic changes. We have 2007 in the sandbox, looks good. Hope to implement soon but would like 2008 by May. Will do roll around April.

Jeffco: Rolled calendar on Monday evening, it went well. Still having issues with transcripts.
