April 14th meeting, Academy 20 will see if they can send Ron to our meeting and present D20's Online registration process.

District Sharing:

- **Aurora;** 2008.1.4 Working on SB grading at the secondary level. Looking at implementing ILP/ALP we will have a conference call set up. March Report card dates March 17th-28th. Purchasing Connect Ed, for reverse 911. will be dropping Messenger in IC. We are working on automating fees, lunch dues, attendance reports they look very good in Connect Ed. We will be piloting 2 highs schools in May and bringing up all secondary schools in fall.
- **Boulder;** 2008.1.3 We will be upgrading over Spring Break. Finishing Dec count. Using DCC/NDX for all district calling only we will be keeping IC messenger.
- **Adams 14;** 2008.2.5 We were upgraded accidentally but we got no response from IC support. We have really lost confidence in IC support .
- **Eaton;** 2008.2 Scheduled an upgrade but it didn't happen on schedule. However after upgrade we really liked the new enhancements.
- **Adams 12;** We will be implementing in January of 2009.
- **Ft Morgan;** 2008.2 Things are going well, but having issues with enrollment. Check the security settings.
- **Woodland Park;** 2008.2.6 Upgrading tomorrow. We reorganized terminals and there seems to be less crashes.
- **Littleton;** 2008.1.3 We will be upgrading to 8.1.4 over spring break and will be upgrading over the summer for SB grading.
- **Douglas CSD;** 2008.1.3 We can't do upgrade because of SB grading so we will be doing 2 upgrades this summer.
- **Widefield;** 2008.1.4 When printing out of behavior report for a multi event the 1st students prints but the other names are not the other students involved, it prints wrong names.
- **Academy D20;** 2008.2.6 We are implementing SBRC over spring break in the elementary schools so an IC upgrade will be an issue. We use middle school transcripts and they have been very helpful in tracking. The district is discussing adding +'s and -'s to grading.
- **Lewis Palmer;** 2008.2.6 The new high school will be opening so we had CIC come so some training.
- **CBOCES;** 2008.1.5 Everything is running smoothly.
- **Douglas CSD;** 2008.2.5 We are implementing SB progress/grading for entire k-12. All high schools are doing online course requests for scheduling it is going well.
