

Colorado SIS Users Group Meeting Minutes from March 8th 2010

Location: Aurora Public Schools, Aurora, Colorado

Conference Summary

Discussion and update on the recent Colorado SIS users Conference held in February 2010.

- Conference Summary of Evaluations was presented. (Online Survey generated over 100 respondents which was statistically good.)
- Sue thanked for putting together the survey
- Number of people signed up for each session vs. attendees. (See handout from Sue Warrick).
- Reports, Reports, Reports Not a good class
- Activity Eligibility doesn't last full session. Misty asked other feedback.
- Possibility of using Board Room as the bull pen room

[Attendee summary](#)

General Topics

- Get a list of all districts and what they use for Sped, Transportation, Dialer, etc. There is no current information for this type of data, yet the data is beneficial to all. Guy McPherson to send out a survey. Note the information is only to be used for informational purposes.
- Training videos from Jeffco, DPS, etc. Get them on the website. Campus site from Jeffco

Board Elections

- Intent to Run email by April 9th
- Bio's submitted by April 16th.
- Each District gets 1 (one) vote
- Late of April is when Elections take place. An announcement of the new board members will take place at the May Users Day.

District Sharing

Special Ed Sub-Committee: Academy 20 holding a Pikes Peak Regional meeting March 17th.

Adams 12 has not upgraded yet. Getting out of Central Enrollment for 1 year.

Boulder Valley: Going out for RFP for Dialer system.

Greely: Grad Credits must be in the grade according to how many credits they have.

Fees: Has anyone found a way to roll fees? If so, please put the information on the (put information out on the Colorado Wiki.)

Douglas County: Increase in tickets due to budget cuts. Making sure training is available. (Create a beginning of the year check list) Shelley will share some of the training.

Jefferson County: National Center for Education Center for Statistics course Numbers. JeffCo has created a new transcript, not using Infinite Campus transcript.

Eaton: Using the Enhancement updates.

Fort Morgan: Melinda has some instructional and Assessment data with IC. Ask for more information.

Widefield: Working on getting custom script post scripts on Wiki for how to compare RTI for grades and students who needs intervention.

Greely: waiting on a Server to upgrade to Enhancement. When printing old IEP's it prints the students current age. Teacher Scored Assessment, Student Summary Assessment report. ICAP any help or assistance with this? Can use ICAP With Naviance. Have to have a plan in place for ICAP, and implemented by 2011/2012. College in Colorado website has more information in ICAP.

Littleton: Working on ICAP. PLP can provide a place to put the RTI Information.

Aurora: Migrating/Upgrading Servers moving. PayforIt for the fall—Data business systems, life skills report card – standards based.

Thompson—Patrick Mount, Rocky Madden working on an RTI Program May users day?

May Users Day topics:

- RTI
- ICAP
- 2011 update (steve) , Data Health Check tool built by CIC for Colorado.
